

2009 PRICE LIST

Chair 6 Catering is recognized for its use of high quality organic food. We purchase from small producers around the country, selecting the best offerings of seasonal favorites. Our sources include line-caught fish—right from the fishermen who caught it; certified organic meat and poultry—which means free range, no hormones or antibiotics, and all natural grains and grasses are used for feeds; award-winning artisan cheeses; as well as heritage fruits and vegetables. Made from scratch, using top quality ingredients expertly prepared by our chefs, we can assure you a unique and amazingly flavorful food experience.

Our high standards extend to our beverage service. Sample one of our classic cocktails prepared by our award-winning staff, or perhaps an emerging classic from today's top mixologists. We use only the freshest fruits and juices. No mixes of any kind!

Our wines are hand selected from high-end boutique wineries from around the world and we offer a wide range of domestic and imported beers from award-winning micro breweries.
